**Comments sought on the proposed Developments / enhancements / maintenance (DEM) Policy document**

Your comments are sought on the proposed *Developments/enhancements/maintenance (DEM) Policy* document by **2 March 2012**.

This policy document provides guidance on DEM costs incurred at class 4 gambling venues and provides links to important information relating to venue costs. The focus of the document is to make the existing policy for DEM costs incurred at class 4 gambling venues and the Department's expectations in relation to these costs very clear.

We seek your comments on the document. We will be interested to hear what further information would assist gaming machine societies and venue operators understand the practical application of the Gambling Act and ensure compliance in this area. We will also discuss this policy at the upcoming regional forums and will be open to any comments or questions you have on the document at that time.

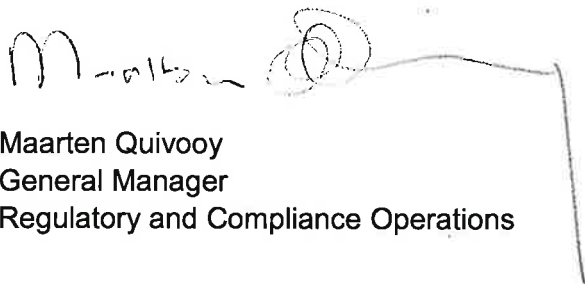

A copy of this policy document can also be found on the Department's website under the "News, Press Releases & Consultation" tab.

Please address your submissions to:
